

## YMCA Preschool NORTH AREA FAMILY YMCA

Our Preschool at the North Area Family YMCA is an excellent place for your child to have diverse learning experiences. Our Philosophy is to encourage your child's individual development to the fullest extent through activities that build a healthy spirit, mind, and body.

### Program Goals

Our teachers develop a program which implements the following objectives:

- Provide a creative and stimulating learning environment
- Build your child's self-esteem
- Develop and nurture positive attitudes toward fitness, nutrition, personal health, and hygiene habits
- Meet the emotional, physical, and intellectual needs of your child

### Preschool Teachers

Our teachers are well-trained, with many years of experience in early childhood education settings. Each teacher attends workshops to learn and develop new techniques to educate your preschool child. The Y teachers are energetic and nurturing. Class ratios are 1:7 in the four-year old class and 1:6 in the three-year old class. Your child is our top priority at our YMCA Preschool!
